Thanks Melissa, I appreciate you sending your notes, that will be very helpful for our discussion. Please find the requested table attached.

Talk soon,
Marlene

Hi Marlene,

I've been looking over the reports and have a request for the meeting tomorrow. Can you provide a table that shows the UPS data over time (through 2022) for the Area A Wetland Restoration site? I think just providing the transect averages is fine to simplify the table.

Also, I pasted my notes on the data below, in case they are helpful to anyone else (and please let me know if anything is incorrect).

Thanks,

Melissa

Area A Wetland Restoration

Ex. 4 CBI

Area A Enhancement

Ex. 4 CBI

Area A Peterson Stream

Ex. 4 CBI

General comment on reports- Please show sites as meeting or not meeting performance standards based on the requirements in the BEI. Fine to add a note that site is within CI or not statistically different when a standard is not met. Currently tables in reports and credit release requests provide different assessments as to whether or not some performance standards are being met, which is very confusing.

Hello Petersen Ranch IRT,

I hope everyone had a delicious and restful holiday weekend! A friendly reminder to come prepared to chat about the Area A Credit Release 4 request letter this Thursday, 12/1 during our IRT meeting. I have no other items on the agenda but please let me know if there's anything else you'd like to discuss and I'll make sure we touch on it.

Thanks and talk to you Thursday!
Marlene

Hello Petersen Ranch IRT,

Thanks to everyone for attending yesterday's meeting (and sorry we missed you, Melissa!). We made a few logistics decisions during the meeting that I'd like to codify for our reference as we head into the holidays.

(1) We have rescheduled our 11/24 meeting to 12/1 from 3-4pm

The focus of the 12/1 meeting will be the Area A Release 4 request.

Please review the letter and have questions/comments/discussion points ready for the group at that time!

(2) We have rescheduled our 12/8 meeting to 12/13 from 9-11am

The focus of the 12/13 meeting will be to review and discuss the results of the 2022 Annual Monitoring Report, which will be submitted to the IRT by 11/15.

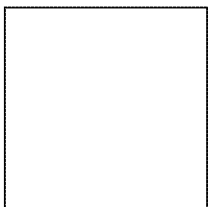

Please take a look at the report and have any questions ready for that meeting.

Do not hesitate to reach out if you have any questions about the Area A Release 4 request or the annual report (once it is submitted). I would be happy to jump on a Zoom with folks 1:1 to screen share and talk through any aspects of the release request materials and/or the performance monitoring results.

Lastly, Tiffany we will send you a draft letter to facilitate EO signature of the spineflower amendment by the end of next week.

Thanks all and let me know if you have any questions.

Have a great weekend!
Marlene
